INSTITUTO SUPERIOR DE ENGENHARIA DO PORTO
MSc in Informatics Engineering

Armazéns de Dados

5.1 Load the *Item* dimension taking into consideration the changes/updates that the attributes can suffer. Use the Slowly Changing Dimension component to handle the changes/updates.

5.2 Load the *Store* and *Payment Method* dimensions, assuring that each record is loaded just once. Do not use the Slowly Changing Dimension component as there are no changes/updates to the attributes.
